A NOTE FROM GREG GANNON

PRESIDENT & CEO

On behalf of the Directors at DeWitt Bank & Trust Co., I would like to welcome our new customers to our banking family and extend our gratitude for our existing customer's loyalty. As your hometown bank, we are proud to serve DeWitt, Wilton and their surrounding communities. We're especially proud to make lasting impacts in the communities we serve and will continue to support the causes, school systems and organizations that make our towns thrive.

As 2018 draws to a close, I wanted to recap another unforgettable year. Together, we've reached new heights with the banking services we offer, will soon have a full-service, freestanding bank in Wilton and have supported community organizations and causes such as the new library that will be constructed in DeWitt. Our lenders have helped new families and new business put down roots, while our personal bankers have made the transition easy with the opening of new checking and savings accounts. Our trust department has eased the burden of estates for families, while our tax and accounting division has helped people better understand their finances.

In the newsletter that follows, I hope you find helpful information for managing your personal and business finances, are able to learn about bank events and meet the new faces we have working in our offices. I am excited for what is in store for 2019, and would like to thank our customers for the opportunity to work with all of you.

Protect Yourself & Your Accounts from scams this holiday shopping season

Shoppers should always be alert when making purchases, especially during the holiday season. “While millions of credit and debit card transactions are conducted safely every day, it’s important that consumers are aware of the potential for holiday scams,” said Jessica Frisbee, Senior Operations Specialist.

DeWitt Bank & Trust Co. offers the following tips to help consumers keep their information safe, whether shopping in the store or online:

Monitor Your Account

Use online and mobile banking to keep an eye on your transactions, especially during the holidays. Notify the bank right away if there’s any fraudulent activity. The SHAZAM BOLT\$ app is another tool that will help monitor charges. It can be downloaded from the Apple App or Google Play stores.

Phishing Scams

During the holidays, criminals may create a fake email for a deal that’s too good to be true. Be cautious when checking emails. If you click on any links within the email, you may be downloading malware onto your computer or you may be asked for payment information that could lead to fraud.

Shop Safely

Before making an online purchase, make sure the website uses secure technology. When you are at the checkout screen, verify that the web address begins with https. Also, check to ensure that a tiny locked padlock symbol appears on the page.

Text Fraud Alerts

Because your security is important to us, we have added Text Fraud Alerts and automated phone calls to increase the protection and awareness of fraud attempts.

Keeping your account safe and secure is our priority at DeWitt Bank & Trust Co. As an addition to our debit card protection program, we are adding 24/7 Text Fraud Alerts and automated phone calls to increase protection and awareness of fraud attempts.

To ensure you take full advantage of this enhancement, we must have a current mobile telephone number on file. To update your number, please email alerts@dewittbank.com, or to update your number over the phone, please call our office at (563) 659-3211.

If you are a debit card holder, you will now receive – and can respond to – an automated text message or automated phone call whenever a suspicious transaction on your account is flagged by our security system.

You may soon begin receiving text alerts when suspicious activity is detected on your DeWitt Bank & Trust debit card. If you do receive a “fraud alert” text message, reply “Yes or No” to confirm or deny the activity.

Provide your updated number by emailing alerts@dewittbank.com or by calling the bank at (563) 659-3211 in DeWitt or (563) 341-3211 in Wilton.

After receiving a message, if you reply “No” (the activity is fraudulent), you will quickly receive a follow up text with a phone number that you will need to call to discuss the next steps with a SHAZAM fraud specialist. We will also automatically block your debit card to prevent any additional fraudulent activity.

If you reply “Yes” (the activity was legitimate), you can continue to use your debit card as normal. If you do not reply to the text, or your phone number is not a mobile number, we will attempt to reach you via automated voice call at the number you have on record at the bank.

If you have any questions, or ever see a suspicious transaction on your debit card, please contact a member of our team; Martha Mullen, Jessica Hasenmiller or Jessica Frisbee, by calling 563-659-3211.

Questions about Text Fraud Alerts?

Find answers to frequently asked questions below.

How quickly will texts or calls be sent once fraud is suspected?

Texts or calls will be sent within seconds of suspected fraud detection, alerting you of possible fraud faster than ever.

What happens if I do not have a mobile phone?

Within seconds of suspected fraud on a transaction, the system will attempt to send a text message to the card-holder. If there is not a valid mobile number on file at the bank, the system will attempt to reach you by the phone number you have on record at the bank.

Will this cost me any money?

This service is free of charge. Cardholders will not be charged by their mobile phone carrier.

What short code and telephone number will SHAZAM use to contact me?

All texts will be from the short code 72718. Interactive, automated phone calls will come from 855-219-5399.

Can I opt-out of the free text messages and automated phone calls?

Cardholders can opt out of automated messages. When the first text message or call is received, simply text or select “STOP.” We do not encourage opting out, since the automated messages will stop fraud more quickly.
